## Latch It Ecosystem

Latch-It Ecosystem, powered by Catch Latch, features the most sophisticated, secure, and convenient fastening technology invented. Male dongles self-align and magnetically connect with receivers featuring an interior motion sensing dynamic lock and an additional external roto lock for added security when needed.

### Golf Cart Latch It

Never drop or lose your rangefinder again! With Rangefinder Latch-it, your rangefinder securely and conveniently attaches to your cart, bag or belt.

- \* Fast, secure, easy access anywhere on the course
- \* Motion sensing dynamic lock keeps rangefinders secure even in bumpy "off road like" conditions
- \* Dongle and receiver straps have non-slip grip pads to stay in place
- \* PGA Merchandise Show "Best New Product" in 2017 as part of the Latch-It Ecosystem
- \* Receiver dongle strap is compatible with Frogger golf bags, Bag Latch-It, and Belt Latch-It, all sold separately

**FGCL1017**

### Phone Latch It

Stop digging for your phone on the course! Attach your smart phone to golf carts for fast, easy access plus record golf swings for training.

- \* Receiver strap for carts has a non-slip grip pad to stay in place
- \* Phone cradle adjusts to fit snugly around leading smartphones
- \* Added drop security with protective covering on holder
- \* Phone cradle is compatible with Frogger golf bags, Bag Latch-It, and Belt Latch-It, all sold separately

**FGCL1005**

### Golf Bag Latch It

Attach and detach your favorite accessories to your golf bag quickly and securely with award-winning Latch-it magnetic fastening technology.

- \* Universal bag and belt clamp accessory attachment system
- \* Dongle ring allows golfers to attach accessories through their loops or grommets
- \* Dongle and Receiver magnetically attract and self-align when connecting
- \* Compatible with every accessory in the Latch-It line

**FGCL1007**

### Energizer Lithium Rangefinder Battery (3 Volt) CR2

\* Delivering long-lasting performance

**Contains 10% deet.**

# KINeSYS®

## The KINeSYS Story

KINeSYS inspired from the Greek < klnesis > meaning “movement, activity”

For 20+ years KINeSYS has been synonymous with superior sun protection among athletes, active families and those with sensitive skin seeking ‘something better’.

KINeSYS sunscreen, bottles, components and packaging is proudly made in British Columbia and are 100% recyclable.

### BENEFITS

Sun protection that doesn’t impact performance - a true sport sunscreen that is easy to apply and wear

Oil-Free, clear spray that won’t clog pores - suitable for everyday use, including on face, sensitive and oily skin

Lets active skin breathe- doesn’t create the hot, heavy and greasy side effects on traditional sunscreen

Gentle and nourishing on the skin - Alcohol free, hypoallergenic & enriched with Vitamin E

**Doesn’t affect grip.** The sun protection solution for golf, racket sports, ball sports, climbing and cycling - or where grip is crucial

## Application and Top Tips

### 1) Think Sweep and Wipe.

Spray using a sweeping motion and wipe over to ensure even coverage.

**Tip: Avoid spraying in one area only, the sunscreen is a liquid and will run.**

2) **Don’t spray onto the face** - spray into the hands and wipe over the face.

Feel oily? **KINeSYS DOESN’T CONTAIN OIL.**

The Alcohol-free formula means KINeSYS takes 1-2 minutes to dry. It can feel tacky to start, but be patient. KINeSYS will quickly dry to a smooth, silky finish and will not dry out the skin.

# KINeSYS®

KINeSYS Sunscreen Fragrance Free or new Mango Scent

### Fragrance Free!

Minimal effort, maximum performance! When you can't wait to get outdoors, you need a sunscreen you trust... that goes on fast. Protecting yourself with our SPF 30 Fragrance Free Spray Sunscreen is as easy as spray, swipe-over and off you go. Our highest SPF formula is super light, quick-drying and non-greasy for a better feeling on your skin; with no added fragrance for a scent-free experience.

**Fragrance Free 120ml SPF 30**

**KINSPF30-FF-120** Sold In Packs Of 6

### Mango Scent!

Protect yourself with our SPF 30 Mango Scented Spray Sunscreen, with the subtle scent of summer in our iconic blue bottle. Our oil-free formula is super light, quick-drying, and non-greasy for a better feeling on your skin; and won't get in your way of staying active...or relaxing poolside with a book.

**Mango 30ml SPF 30**

**KINSPF30-MNG-30ml** Sold In Packs Of 24

**Mango 120ml SPF 30**

**KINSPF30-MNG-120** Sold In Packs Of 6

#### Active Ingredients

Avobenzone 2.50%, Octinoxate 7.50%, Octisalate 5.00%, Octocrylene 7.50%

#### Inactive Ingredients

Bisabolol, Butyloctyl Salicylate, Cyclopentasiloxane, Diphenylsiloxy Phenyl Trimethicone, Octyl Palmitate, Tocopherols, VP/Hexadecene Copolymer

## Why Choose KINeSYS?

KINeSYS is a true performance sunscreen. What KINeSYS leave out and put into the unique formula, and how the sprays are applied, make it distinct from traditional sunscreen.

## How to order from the Eisinger Smith Collection

All products come with your course or event logo

Minimum order per logo is 24 pieces.

### Top Selling Tip – Choose an assortment! This leads to higher sales and allows potential corporate and tournament customers see several options.

You can choose any variety of items from the Eisinger Smith line to make up your order of 24 or more pieces.

Order ship direct from supplier, and lead times are 2-3 weeks from approval and deposit.

Frosted Etch

Make your logo stand out with the multi-dimensional look to enhance the fine details in your logo. Frosted etch is known for its durability. The etching combines the artistry of chemical engraving to create an extraordinary ball marker that is unmatched!

Color Doming

Is a four-color process with unlimited colors to enrich the details in your logo. It's finished with an epoxy dome to preserve the colors and add a finish that will last for years to come.

### 14" LED Flag Markers

Our 14" LED Golf Flag Marker utilizes (3) high-powered LEDs built into a soft foam baton that creates a 7-color morphing light show. This item has a slit down one side designed to attach slip over a flag pole. Priced and packed by the single piece, please order in increments of one marker. (3) AG-13 batteries are included, installed, and replaceable.

<b>NF010961</b>
-----------------

### LED Cup Rings

Our 9-pack of LED Green Golf Cup Rings are an alternative to the traditional glow in the dark cup rings and an easy way to quickly identify the cup. Each LED cup ring has 3 modes of operation: steady, fast/slow flash. They are battery-operated and will have approximately 9 hours of usage time. Just insert into cup either as a "bracelet" or use in "open" position and start the flash. Batteries included and installed. LED Green Cup Light Rings ( 9 per pack)

<b>NFLIT899UN</b>
-------------------

### Tee Box /Hazard /Yardage /Path Markers

Our 10" glow sticks with included plastic ground spikes come in bags of 25.

Use different colours to indicate tee-boxes, hazards, yardages, paths, or obstructions.

### Eco-Blast Air Horn

The refill valve of the Eco Blast air horn lets you recharge using the included air pump or any bicycle pump, service station air pump or air compressor. In seconds, Eco Blast is ready to emit a powerful 120 db signal that meets all USCG. requirements. Eco Blast beats out chemical horns, too, because it operates in all weather and temperature extremes. Plus, with Eco Blast there's no worry about a potentially harmful chemical escaping into the environment.

**BY180**

**Comes with pump**

**BY180PRO**

**Can be recharged w/most pumps**

**Resin Core**

Resin Core is a multi-layer polymer sign available in 5 different colors. When the sheet is engraved, the interior color shows through for a high-contrast textured sign. The polymer used in Resin Core is high-impact-resistant and able to withstand the physical rigors of public space and external environments better than conventional signs. Resin Core signs won't rot, de-laminate or warp making them ideal for a variety of indoor and outdoor applications

Impact Resistant Polymer. Available in 6 different colours.

## Netting, Turf and Simulators

Not sure what turf or netting option is right for your facility? Call today and ask to speak with our specialist. With our wide range of options, whether your job is large or small, we can help ensure a quality installation on time and on budget.

Think Golf Supply House for sales, installation, and repairs of:

- Driving range and course barrier netting
- Custom hitting cages
- Tee line
- Custom putting and chipping greens for indoor or outdoor use
- Mini putt turf and accessory installations

\* Complete turnkey installations also available anywhere in Canada.

### Practice Range:

Full-scale range products complete with netting, poles and hardware.

### Indoor Academy:

We can transform any space into a permanent or removable indoor facility.

See pages 18 - 20 for more information

### Custom Residential:

Can be made available to all of your members. We will sell through you (club) or work directly with them, whichever you prefer.

### Tee Line Turf 5'x5' Hitting Mat

- \* This mat holds a real tee and allows players to hit all clubs from wedge to driver
- \* High grade polypropylene yarn designed for heavy traffic  
In use at many of the top facilities in Canada and the USA
- \* Suitable for outdoor or indoor use
- \* 1 1/4" thick

**GTMTEE5X5**

### Regular Hitting Mats

- \* The hitting surface is a dense 1/2" pile nylon top.
- \* Tee holes are cut in each side and they come with one rubber tee.

**GTMSTD5X5**

**1/2" nylon hitting surface, and  
3/8" high density foam**

**GTMPREM5X5**

**5/8" foam back for added  
cushioning**

### Indoor Outdoor 3'X5' Hitting Mat with Tee

- \* Our consumer grade hitting mat is perfect to resell for home use
- \* Poly sponge backing provides excellent shock absorption
- \* Weather resistant construction
- \* Includes one rubber tee

**CG3X5MAT**

### GSH/NAGIC Full Mat Systems

Full mat system includes - base, stance mat and two hitting strips outside dimensions 50" x 74.25" x 1 1/8" depth

**1090751** Double Sided Mat System

### GSH/NAGIC Center Strike Mat System

Center strike system includes - base, stance mats and Center Strike Mat outside dimensions 50" x 115.25"

**1090753** Center Strike Mat System

### Stance Mat

Features 100% nylon fiber on a shock resistant foam base

**1090801** Tartan Systems 45.75" square, backed with 1/2" thick foam

**1090805** Fiberbuilt Systems 46.5" square, backed with 1/2" thick foam

**1090782** GSH/Nagic Systems 47.25" square, backed with 1" thick foam

### Hitting Strips

Features our popular tee line turf backed by a heavy rubber base for stability.

Tee line turf is easy on player's joints and provides the most realistic hitting experience

**1090792** Tee Line 12" x 47" Fits GSH Original Nagic System

**1090795** Fits GSH Ver 1 Center Strike Systems 24" x 47"

**1090796** Tee Line 17.5" x 47" Fits GSH Center Strike System

**1090797** Tee Line 12" x 46" Fits Tartan & FiberBuilt System

\* Custom hitting systems available

**Barrier Net**

### Barrier Netting

Stock and custom barrier netting available  
All your supplies and installation needs!

**Impact Net**

**Archery Impact Net**

### Custom Golf Cages

Stock and custom cage netting available, We can customize whatever size cage you require. Prices vary with specifications so please call for quote

### Professional Hitting Cages

#### Professional Hitting Cage Kit

Our Professional Hitting Cage kit is ideal for high traffic warm up or practice areas. It is in use by indoor academies and retailers and outside at golf courses, resorts, and back yards all over Canada. The finished cage measures 10' x 10' x 10'.

Included in the kit are 6 x corner and 2 elbow fittings for the structure plus the full cage enclosure and a replaceable impact/baffle panel.

To keep shipping costs reasonable, you will need to provide the 10' long galvanized #6 gauge (schedule 40) steel poles which can be obtained at most local hardware, plumbing, or fencing stores.

**RDN3239**

#### Replacement 10' x 10' Bottom Weighted Hitting Panel

This 80 gauge heavy duty impact net with weighted bottom is the replacement hitting panel in our Professional Cage, and can be used in any other 10x10 cage or on its own.

**RDN3241**

HD Impact / Baffle Netting only, comes with rope border  
- 80 Gauge - 10'h x 10.25'w

**RDN3240**

### Custom Hitting Panels

We can customize whatever size panel you require. Prices vary with specifications so please call for quote

Whether you want us to design and install, or just need a reliable supply of synthetic turf and installation supplies, Golf Supply House offers a large variety of products to choose from. We work with the top Turf mills in North America to bring you durable, top quality and high performing synthetic turf. Here are four of our most popular choices.

### Tee Line Turf

1 3/8" thick polypropylene yarn.  
 Dense and durable at 152 oz per sq yd.  
 Designed for heavy traffic tee lines

Choose between a Cancer Awareness and Superintendent's Revenge flags in our specialty Double Sided Poplin material. Completed with tube attachment. These flags are in stock and available for immediate shipping.

<b>BY1005REVT</b>	<b>Superintendent's Revenge</b>
<b>BY1005REVT</b>	<b>Awareness Flag</b>

### Dye-Sublimated Flags

Dye sublimation uses solid dyes under heat & pressure to produce photo-lab-quality images on fabric. Colour is absorbed directly into the material, making it more durable and less vulnerable to fading than other prints. Your dye sublimated fabric can even be washed in a household washing machine!

Best of all, if you run your fingers over the surface of a sublimated fabric, you will feel nothing other than the fabric itself! Unlimited Colour/Combinations - one great price!

- \* Multiple logos per flag
  - \* Each flag can have its own different logo
  - \* Text or hole numbers can be added to each flag for no extra cost!
- No set up or art charges with good quality artwork: High resolution Vector format. Most common file include .ai, .eps and .pdf. \* 9 flag minimum \* quantity breaks on 18+ flags

#### Double Sided

Poplin Flags with Blocker for 2 sided Dye

- \* Excellent medium for heavy graphics or two sided graphics
- \* An optional blocker can be added to allow no show through from back to front.
- \* Heaviest of the options especially when a blocker is added, this tri-layer flag needs wind to move.

111798

#### Single Sided

Dura Flag:

- \* Single sided dyed and approx. 95% show through to the other side
- \* Very stable fabric in medium to strong wind due to the fact that the fabric is porous and allows some wind to move.

Poly Silk Flutter Flags:

- \* Single side dye that has 98% show through to the other side.
- \* Very lightweight. Works great in low breeze or cross breeze settings.
- \* Great in arid or semi arid environment as it is always fluttering even in a 1 mph breeze.
- \* Very quick drying if wet, dries within minutes of the rain stopping

111796

#### Practice Greens

Poplin Flags with Blocker for 2 sided Dye

- \* 1/2" tubes for the Bayco practice sticks
- \* Double sided option only

111792

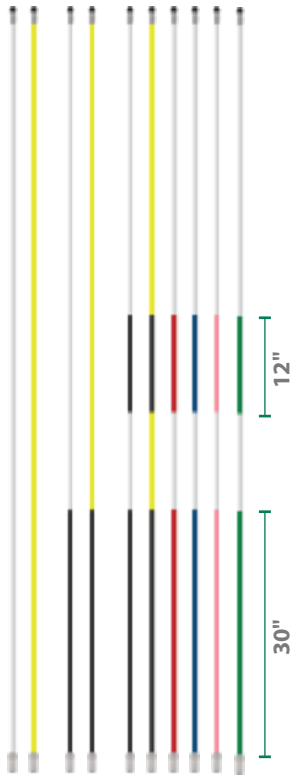

### Embroidered Flags

Embroidered flags are all done locally, providing our customers with quick turnaround times. Add your embroidered club or tournament logo to any of our nylon flags. Simply provide us with a full colour copy of your logo and layout.

- \* Embroidered with UV-resistant threads
- \* Minimum order is 9 flags
- \* Digitizing fees will apply if required

Flags are standard on a tube. Specify if required with grommets or Soft Pocket style.

### Regulation Flag Poles BY300

Bayco Golf regulation fiberglass poles are manufactured to the highest quality and appearance for excellent corrosion and weather ability. The regulation poles are 1/2" thick and come in variety of sizes and colors/stripes. They are veil wrapped to increase lifespan and reduce splinters from fiberglass material. Every flag pole is top threaded and color impregnated throughout which means that the color will not peel off or fade with time. The flag poles are completed with a smooth ferrule (you may replace it with a slotted [308STD] or locking [308B\*] ferrule), and with a top acorn nut that will suit the swivel for grommet style flags or tube style flags. When shipped, we add a sleeve on bushing and ferrule for additional protection.

### Tournament Flag Poles BY300T

Bayco Golf tournament fiberglass poles are manufactured to the same standards as the regulation poles. They are 3/4" thick in the middle and are tapered, making them stronger and more wind resilient. They also come in variety of sizes and colors/stripes and can reach up to 10' in length. Like the regulation poles, the tournament poles are veil wrapped, top threaded and color impregnated ensuring their longevity. The flag poles are completed with a smooth ferrule (you may replace it with a slotted [BY308STD] or locking [BY308B\*] ferrule), and with a top acorn nut that will suit the swivel for grommet style flags or tube style flags. When shipped, we add a sleeve on bushing and ferrule for additional protection.

BYSS300

BY3SS300T

### Smart Stick Poles

Six eye prism flag sticks bring 100% reflection coverage making those poles hotter, faster, and more accurate for all range finders. The prism reflectors are integrated into the pole itself. Length: 7.5'  
Other colors and striping is available.

**BYSS300**

**BY3SS300T**

### Smarty Reflector

Easy to screw on top of any flag stick. Made with brass bushing to avoid premature wear of the threads. Sold individually.

**BY304-6B**

**Six Eyed**

### Elite Laser Reflector

Easy to screw on top of any flag stick. Made of specially formulated, soft polyurethane cylinder protects greens from flag swivel denting when dropped. Sold individually.

**BY303-ELITE**

### Bayco Laser Reflectors

Full 360° visibility, no dead spots, made of highly reflective material with a large surface area. Made for both regulation and tournament poles. Sold individually or in sets of 9.

**BY3012**

**1/2" Opening**

**BY3034**

**1/4" Opening**

### Quick Click

Removes the need for tools to change the flags. Works only with Bayco Tube Flags. Sold as sets of 9

**BY316PL-9**

### Security Nut

Secures flags onto flag poles and theft. Slim enough to be used with or without the Acorn Nut.

**BY1005NUT**

### Acorn Nut

## ST2000 Smart-Fit Cups

**Standard Golf's flagsticks come with Smart-Fit ferrule. For best results, use one of these matching cups only:**

The popular ST2000 Smart-Fit Cup has a third configuration. A "hybrid", with an aluminum base and plastic molded walls, combines the best of our aluminum and plastic ST2000 models. Notched-ferrule flagsticks fall right into place every time without twisting, sticking or sinking. Bonderite aluminum cups for maximum life and the most chip-resistant coating around. High-strength plastic cups molded with chemical-resistant polymers provide a brilliant, lasting finish. Meets all USGA regulations.

## Aluminum ST2000

6" tall 4 1/4 (10.8 cm) diameter. Manufactured with their new MagnaTech™ Proprietary Aluminum.

ST18333

## Hybrid ST2000

6" tall 4 1/4 (10.8 cm) diameter. The hybrid cup combines an aluminum base with plastic walls.

**ST26755** Non-ferruled flagsticks (2 pieces)

### Guard for Flag Poles

An economical and easy way to re-new and protect splintered, cracked, faded, scratched, or dirty poles. Quickly applies with heat gun and will last for years. Fits tournament and regulation poles. White or yellow

**BY3112** 250' Roll for 1/2" Pole  
**BY3143** 250' Roll for 3/4" Pole

### Aluminum Pro-Hole Cup

Pro Hole Cups are designed and finished to precise standards, resulting in a world class greens cup. Completed with locking ferrule system that ensures unnecessary premature wear of the flag pole ferrule.

This cup is made of durable heat treated aluminum alloy

**BY253AL**

### Aluminum Cups

These cups are die cast oversize, then machined down to precise dimensions to minimize wobble in the hole. The aluminum cups are anodized then powder coated a bright white for best corrosion protection. Meets all USGA requirements.

**BY252AL** Aluminum Greens Cup (4.25")

**BY250AL** Aluminum Green Cup (6")

### SpeedWrap Liners

SpeedWrap liners are thin, flat inserts that fit only in our pro hole cups. Fully customizable with a club logo or sponsor for increased revenue. The blank and specialized cup liners are in stock and ready for immediate shipping.

**BY253LCAN** Canada Liner

**BY253LPINK** Pink Liner

**BY253AL** Blank Liner

**BY253CUSTOM** Custom Liner

### Plastic Cups

Made of durable, chemical resistant polymer material and meets all USGA regulations. Perfect for putting greens.

**BY250PGA** PGA Greens Cup

Precision machined to exact PGA tolerance inside and out. The base is designed with three support pads to maintain a stable height.

**BY255PL** Plastic Greens Cup (4.25")

**BY250PL** Plastic Greens Cup (6")

**BY250PL/BZ** Plastic Cup with Bronze Insert (6")

Bronze bushing made of certified bearing bronze withstands abrasion and prevents sticking, extending the life of your cup.

BYTL1

BY207

### Hole-In Paint Tools

Easy to use guide to paint the top of the hole while protecting the grass around the upper edge and the cup from the spray of the paint.

- BYTL1** Aluminum Paint Tool
- BYCP1** Cup Protector\*
- BY207** Hole-In Paint Applicator

\* Cup protector available in every case of Hole-In-White paint. sold separately if required

### Hole-In Paint

Hole-In paint is a whitener specifically formulated to last a long time and is not harmful to the soil or turf. One spray can could yield approximately 80 holes. It makes the top of the hole bright and visible from afar, speeding up play time in the process. Approved by PGA, Champions, and the LPGA, use this tournament grade standard to upgrade your course. 12 oz each

- BYPT1** Hole-In Paint White Case of 12
- BYPT2** Hole-In Paint Pink Case of 6

### Cup Sleeve

Cup sleeves are used in the installation of artificial putting greens. Made from PVC plastic and machined for a perfect fit! The cup will sit 1/8" above the plastic when installed.

- BY259-4** 4" Cup Sleeve
- BY259-6** 6" Cup Sleeve

### Plastic Cup Covers

Cover the putting green holes with this easy to install and remove cover. Made of durable plastic, it withstands pressure and weight.

- BY262** 4 1/4" Cup Cover

### Aluminum Cup Setter

Cast aluminum cup setter consistently places cups at the correct depth, minimizing damage to the rims of aluminum cups and preventing ball interference.

- BY205** Cup Setter

### Curved Trimming Scissors

Superior quality scissors, constructed from forged Stainless Steel. Comes complete with a dedicated plastic carry wallet. The curved design makes it easier to neaten the edges of freshly cut holes.

- BY211**

### Cup Pullers

Powder coated white with a red rubber handle. Size: approx.

**BY210**

**Single Pronged Approx. 6"**

**BY206**

**Double Pronged Approx 8"**

**BY200**

**Three Pronged Approx. 24"**  
**Works only on 250AL cups**

### Shell Sharpener

Keeps shells sharp for easier cuts and precision cut hole edges. Works with scalloped or straight cutter styles - inside or outside.

**ST28400**

### Depth Gauge

Ensure consistent, accurate cuts

**ST28600**

### Hole Cutter Flanged Stop

## THE BENEFITS

- ✗ No divots
- ✗ No additional ground maintenance
- ✗ No time wasting repairs
- ✗ No shoddy astroturf or carpet
- ✗ No parts to lose or break
- ✓ Innovative, cost effective solution
- ✓ An open course equals extra revenue
- ✓ Used at over 500 venues worldwide
- ✓ Lower course maintenance costs
- ✓ Easy to use for all levels of player
- ✓ Ideal pre-tournament course protection
- ✓ Promotes sustainable golf by saving time and money
- ✓ Ideal for personal use during COVID-19 restrictions

## COVERTECH

### CoverTech Golf Green Solutions

The Product Choice For The Past 15 Years

- \* Cover solution designed exclusively for Canadian Golf Courses
- \* Made of tough woven non-coated polyethylene material
- \* Covers protect turf from frost and ice damage.
- \* Ice Shield is UV treated to withstand the elements
- \* Recommended for fall, winter, and spring to protect the turf and accelerate germination
- \* Promotes quicker golf course openings by 2-3 weeks and earlier root establishment
- \* Easy installation
- \* Custom sizes available
- \* Product shipped with pegs and storage bags designed for re-use
- \* Manufactured in Canada

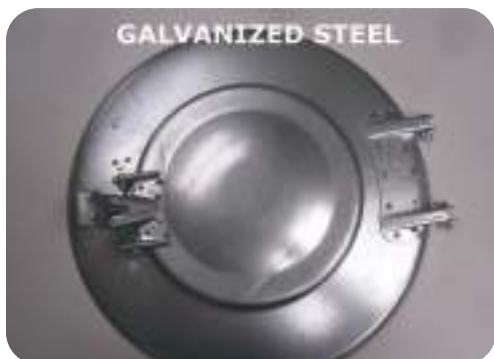

### In-Ground Trash Cans

- \* 98% galvanized steel w/ protective coating and paintable lid
- \* Remove unsightly trash cans and beautify your property
- \* No windblown debris
- \* No animals
- \* No odour
- \* Hands free lid access

Our in-ground trash cans eliminate unsightly garbage containers and messy windblown debris across your property.

You get a lifetime of satisfaction because these are the most durable garbage container systems available. No plastic parts to break or wear out. Spot welding and industrial strength pins / bolts. Construction is over 98% galvanized steel.

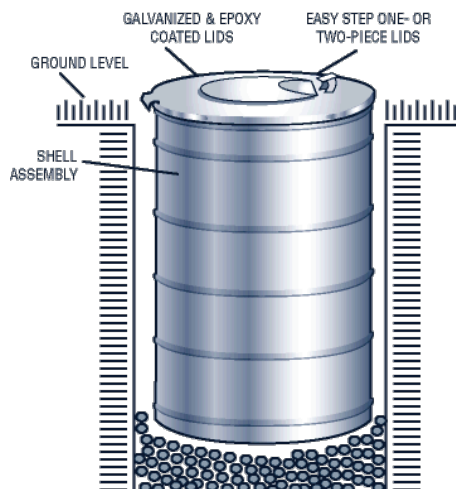

Lids have an epoxy bonded coating, which provides superior protection and the ability to be painted.

Put your foot on the lid to pop open. Clean-up is non-existent, animals have no access, and foul odors are eliminated.

## QUICK-INSTALL METHOD 1

## HEAVY-DUTY INSTALL METHOD 2

## Installation Made Easy

Locate your Underground Receiver on the highest available ground where there is no abnormal water drainage, such as exists near a downspout. A place near the back door will give quick, easy access in all kinds of weather.

Dig or auger a hole 6" to 8" deeper than the unit and at least 4" wider than the Shell diameter if the hole is dug. This makes it easier to tamp the earth around the Shell. Fill the extra depth with coarse gravel or stone to form a base for good drainage.

Set the Receiver in the hole with the Step pointing in the most convenient position for opening the Lid. Tamp the earth tightly against the Shell and slope the earth up to the top edge of the Shell. Be sure to keep the Shell round (check by placing the Insert-Can in the Shell—it should slip in easily). Also be sure the hinge works freely.

The handiest tools for digging the hole are post-hole diggers, hand or gas augers. Multiple cans are easily augered with a small machine-mounted-auger-available on a rental basis at many hardware stores and contractors.

It is good proactive to allow the top of the Receiver to be at least 2" above ground level. This elevation will drain water away from the Receiver in all directions.

Locate your Underground Receiver on the highest available ground where there is no abnormal water drainage, such as exists near a downspout. A place near the back door will give quick, easy access in all kinds of weather.

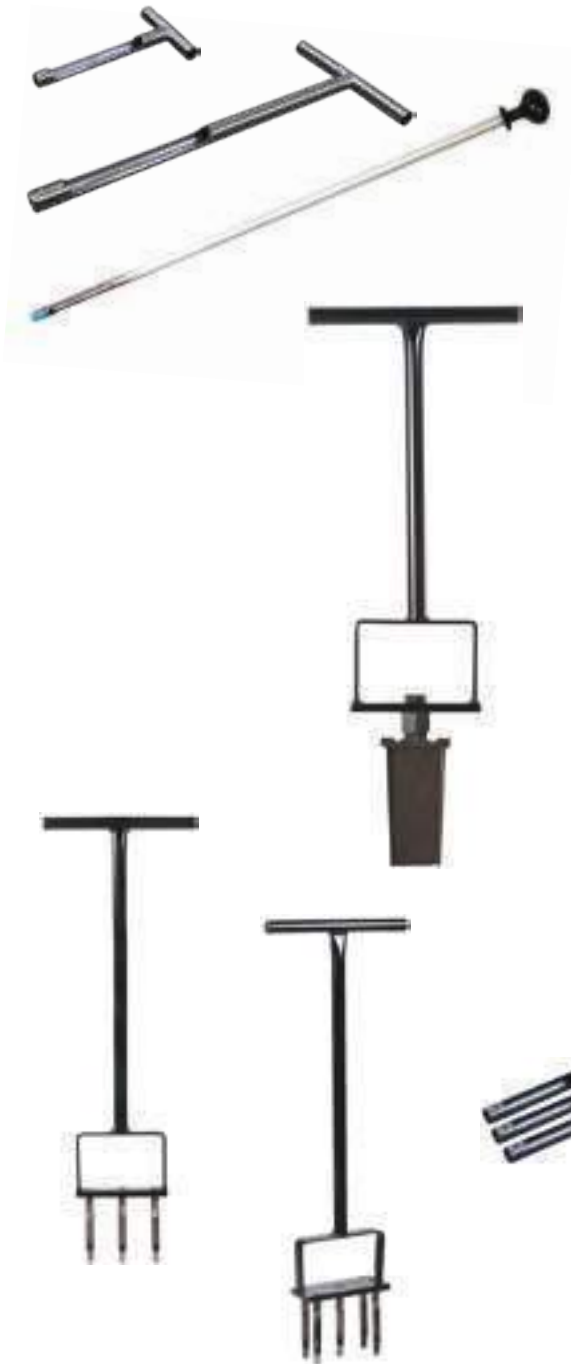

Dig or auger a hole 6" to 8" deeper than the unit and at least 4" wider than the Shell diameter if the hole is dug. This makes it easier to tamp the earth around the Shell.

Fill the extra depth with coarse gravel or stone to form a base for good drainage. Set the Receiver in the hole with the Step pointing in the most convenient position for opening the Lid. Make a level, wooden form, staked into its permanent position, to create a concrete slab around the Receiver(s).

Place the Shell inside the hole so that it will be 1" above the top of poured concrete. Tamp the earth tightly against the Shell. Be sure to keep the Shell round (check by placing the Insert-Can in the Shell—it should slip in easily).

Pour the concrete in the form and trowel a gradual slope away from the form to the top of the Shell receiver. This will rain the water away from the receiver. It may be necessary to work the concrete away from the hinge. **BE SURE THE HINGE WORKS FREELY BEFORE THE CONCRETE SETS UP.**

Multiple cans are easily placed in a single pad or patio. It is a good practice to install the Slab higher than the ground level to keep water out of the receiver.

### Soil Samplers

Soil samplers allow core samples to be taken for evaluation of soil composition and root growth or for subsequent soil analysis. It also helps determine the need for aeration and to select the proper fertilizer for root development

**BY235-8** **8" Soil Sampler**

One piece rugged stainless steel pipe.

**BY235** **20" Soil Sampler**

One piece rugged stainless steel pipe.

**BY237** **27" Greens Probe Soil Sampler**

Less intrusive, one piece rugged stainless steel pipe. Complete with a rubber handle for added comfort.

### Greens Section Soil Sampler

This spade-like greens section soil sampler is tapered to give a clean cut and minimize surface disruption. The blade is then easily removed to examine the profile of the sample.

**BY238**

### Hand Operated Aerators

Made of heavy duty steel, these aerators are easy to use on those small and hard to reach spots on the greens that need immediate attention.

**BY236** **Hand Operated 3-Pronged Aerifier**

**BY239** **Hand Operated 5-Pronged Aerifier**

**BY236-1** **Replacement Steel Tines**

Fits our aerifiers. Sold in sets of three. Complete with holding pins.

### Why aeration is important?

Aeration is an essential practice that improves the long-term health and playability of golf courses. By using hollow tines to extract plugs, you can:

- Ensure longevity of your course
- Alleviate compaction
- Remove layering

### Long lasting benefits of aeration:

The following benefits can be observed when aeration is done seasonally and correctly:

**Improves Water Infiltration**

**Oxygenates the Soil**

**Removes Thatch**

**Encourages Root Growth**

**Stimulates Microbial Activity**

**Promotes Recovery from Stress**

"CADDIE TO THE GOLF INDUSTRY"

### TERMS OF SALE

All prices are subject to change without notice.  
All prices are FOB our Mississauga warehouse.  
Prices do not include GST/HST which will be added to the invoiced product and shown separately.  
(GST# 841796428RT0001)

Minimum order is \$25.00.  
Orders under \$25.00 may be assessed a \$10.00 surcharge.

### CREDIT TERMS

Established credit accounts: Net 30 days for approved accounts in good standing.  
Interest charges are 2% per month (24% per annum) on overdue accounts.

New accounts: Prepaid with check or credit card.

Credit Cards Accepted: Visa, AMEX and MasterCard.  
Credit card orders will be charged the day the shipment leaves our facility.

### SHIPMENT POLICY

Unless otherwise requested, orders will be shipped via our choice of carrier.  
Shipping charges are approximately 5% of the order subtotal, with a \$10 per order minimum.

### NOTES:

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

### DAMAGE CLAIMS

If your shipment arrives clearly damaged, make note of the damage on the receipt that the courier or other delivery party requires you to sign.  
If there are damages to the contents, report these to us within 24 hours, and provide a copy of the proof of delivery indicating your receipt of a damaged shipment.

### DISCREPANCIES

Your complete satisfaction is our goal. Should there be an error with your order we will work to correct it immediately. However, claims must be made within 7 days of receipt, and Golf Supply House is not responsible for claims made after that time.

### RETURNS

Our shipping department will not accept returned goods without prior authorization, which is provided by a Golf Supply House representative.

Authorization may be given within 7 days of your receipt of goods if:

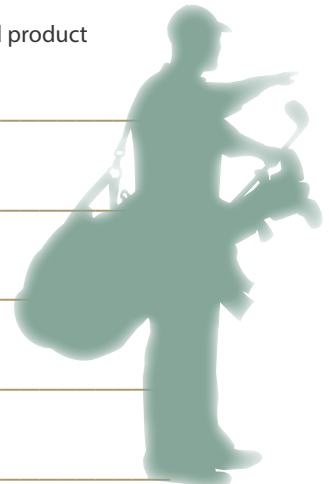

- Goods were shipped in error
- We duplicated a shipment
- Goods are defective

Returns for reasons other than the above:

- Are subject to a 20% restocking fee
- Must be shipped freight prepaid by the customer
- Also require a return authorization number

The following items may only be returned if defective, within 7 days of receipt:

- Special ordered product
